Next County Committee Meeting: Please check with your local FSA Office for meeting dates and time.

USDA Extends Application Deadline for Dairy Margin Protection Program to Dec. 19

Dairy producers urged to act now to protect their businesses against unpredictable market swings, take advantage of increased protections offered in first year of program

The application deadline for the dairy Margin Protection Program (MPP) will be extended until Dec. 19, 2014. The program, established by the 2014 Farm Bill, protects participating dairy producers when the margin – the difference between the price of milk and feed costs – falls below levels of protection selected by the applicant.

For just \$100, a farmer can cover 90 percent of production at \$4 margin swings, and with affordable incremental premiums, dairy farmers can cover up to \$8 margin swings. Those who apply this year will receive a slight increase in production protection that will not be available in the future. Farmers who do not sign up for the Margin Protection Program for 2015 will forfeit the 1 percent base production increase.

Producers can use the online Web resource at www.fsa.usda.gov/mpptool to calculate the best levels of coverage for their dairy operation. They can type in specific operation data and explore price projections and market scenarios to determine what level of coverage is best for them. The online resource is on a secure website that can be accessed from computers, mobile phones or tablets, 24 hours a day, seven days a week.

Farmers also have a chance to share comments and help shape the Margin Protection Program for the future. Last month, the U.S. Department of Agriculture (USDA) announced the extension of the opportunity for public comments on both the Margin Protection Program and the Dairy Product Donation Program until Dec. 15, 2014. Comments can be submitted to USDA via the [regulations.gov](http://www.regulations.gov) website at <http://go.usa.gov/GJSA> or send them by mail to: Danielle Cooke, Special Programs Manager, Price Support Division, FSA, USDA, STOP 0512, 1400 Independence Ave. SW, Washington, D.C., 20250-0512.

To learn more about the Margin Protection Program for dairy, contact your local USDA Farm Service Agency county office at offices.usda.gov or visit us on the Web at www.fsa.usda.gov.

USDA Disaster Assistance to Help Thousands of Honeybee, Livestock and Farm-Raised Fish Producers

2014 Farm Bill Program Offers Producers in Over 40 States Relief for 2012 and 2013 Losses

Nearly 2,500 applicants will receive disaster assistance through the Emergency Assistance for Livestock, Honeybees, and Farm-Raised Fish Program (ELAP) for losses suffered from Oct. 1, 2011, through Sept. 30, 2013.

The program, re-authorized by the 2014 Farm Bill, provides disaster relief to livestock, honeybee, and farm-raised fish producers not covered by other agricultural disaster assistance programs. Eligible losses may include excessive heat or winds, flooding, blizzards, hail, wildfires, lightning strikes, volcanic eruptions, and diseases, or in the case of honeybees, losses due to colony collapse disorder. Beekeepers, most of whom suffered honeybee colony losses, represent more than half of ELAP recipients.

The Farm Bill caps ELAP disaster funding at \$20 million per federal fiscal year. To accommodate the number of requests, which exceeded funds available for each of the affected years, payments will be reduced to ensure that all eligible applicants receive a prorated share of assistance.

The following ELAP Fact Sheets (by topic) are available online:

- ELAP for Farm-Raised Fish Fact Sheet
- ELAP for Livestock Fact Sheet
- ELAP for Honeybees Fact Sheet

To view these and other FSA program fact sheets, visit the FSA fact sheet web page at www.fsa.usda.gov/factsheets.

USDA's Farm Service Agency (FSA) Offers Farm Bill Website and Online Overview of Farm Bill Programs

The Agricultural Act of 2014 (the Act), also known as the 2014 Farm Bill, was signed by President Obama on Feb. 7, 2014. The Act repeals certain programs, continues some programs with modifications, and authorizes several new programs administered by the Farm Service Agency (FSA). Most of these programs are authorized and funded through 2018.

For the latest on 2014 Farm Bill programs administered by FSA, please visit our Farm Bill website at www.fsa.usda.gov/farmbill and for an FSA program overview please read, download and/or print our recently

posted FSA Farm Bill Fact Sheet titled, [What's in the 2014 Farm Bill for Farm Service Agency Customers?](#)

For more information on FSA, please contact your local USDA Service Center or visit us online at www.fsa.usda.gov.

New Farm Bill Offers Increased Opportunities for Producers

The 2014 Farm Bill offers increased opportunities for producers including farm loan program modifications that create flexibility for new and existing farmers. A fact sheet outlining modifications to the U.S. Department of Agriculture's (USDA) Farm Service Agency (FSA) Farm Loan Programs is available [here](#).

The Farm Bill expands lending opportunities for thousands of farmers and ranchers to begin and continue operations, including greater flexibility in determining eligibility, raising loan limits, and emphasizing beginning and socially disadvantaged producers.

Changes that will take effect immediately include:

- Elimination of the 15 year term limit for guaranteed operating loans.
- Modification of the definition of beginning farmer, using the average farm size for the county as a qualifier instead of the median farm size.
- Modification of the Joint Financing Direct Farm Ownership Interest Rate to 2 percent less than regular Direct Farm Ownership rate, with a floor of 2.5 percent. Previously, the rate was established at 5 percent.
- Increase of the maximum loan amount for Direct Farm Ownership Down Payment Loan Program from \$225,000 to \$300,000.
- Elimination of rural residency requirement for Youth Loans, allowing urban youth to benefit.
- Debt forgiveness on Youth Loans, which will not prevent borrowers from obtaining additional loans from the federal government.
- Increase of the guaranteed percentage on Conservation Loans from 75 to 80 percent and 90 percent for socially disadvantaged borrowers and beginning farmers.
- Microloans will not count toward direct operating loan term limits for veterans and beginning farmers.

Additional modifications must be implemented through the rulemaking processes. Visit the [FSA Farm Bill website](#) for detailed information and updates to farm loan programs.

NAP Coverage Available for 2015 Crops for Livestock Feed Intended for Grazing:

It is important that producers note that NAP coverage WILL be available for annually planted crops for livestock feed intended for grazing because RMA is not offering CAT level coverage under the Rainfall Index-Annual Forage Insurance Plan. The NAP sales closing date for this insurance is December 1st or March 15th (depending on the crop) for crops planted in the spring.

Please contact your local FSA office for questions concerning NAP or your crop insurance agent for questions concerning RMA crop insurance. A list of agents can be found at www.rma.usda.gov.

Microloan Cap Grows to \$50,000

Farm Service Agency (FSA) reminds farmers and ranchers that the FSA borrowing limit for microloans increased from \$35,000 to \$50,000, effective Nov. 7. Microloans offer borrowers simplified lending with less paperwork.

The microloan change allows beginning, small and mid-sized farmers to access an additional \$15,000 in loans using a simplified application process with up to seven years to repay. Microloans are part of USDA's continued commitment to [small and midsized farming operations](#).

To complement the microloan program additional changes to FSA eligibility requirements will enhance beginning farmers and ranchers access to land, a key barrier to entry level producers. FSA policies related to farm experience have changed so that other types of skills may be considered to meet the direct farming experience required for farm ownership loan eligibility. Operation or management of non-farm businesses, leadership positions while serving in the military or advanced education in an agricultural field will now count towards the experience applicants need to show when applying for farm ownership loans.

Since 2010, FSA has made a record amount of farm loans — more than 165,000 loans totaling nearly \$23 billion. More than 50 percent of USDA's farm loans now go to beginning farmers. In addition, FSA has increased its lending to socially-disadvantaged producers by nearly 50 percent since 2010.

Please review the FSA [Microloan Program Fact Sheet](#) for program application, eligibility and related information.

Microloan Program

The Farm Service Agency (FSA) developed the Microloan (ML) program to better serve the unique financial operating needs of beginning, niche and small family farm operations.

USDA is raising the borrowing limit for the microloan program from \$35,000 to \$50,000, effective Nov. 7, 2014. The loan features a streamlined application process built to fit the needs of new and smaller producers. This loan program will also be useful to specialty crop producers and operators of community supported agriculture (CSA).

Eligible applicants can apply for a maximum amount of \$50,000 to pay for initial start-up expenses such as hoop houses to extend the growing season, essential tools, irrigation and annual expenses such as seed, fertilizer, utilities, land rents, marketing, and distribution expenses. As financing needs increase, applicants can apply for a regular operating loan up to the maximum amount of \$300,000 or obtain financing from a commercial lender under FSA's Guaranteed Loan Program.

Individuals who are interested in applying for a microloan or would like to discuss other farm loan programs available should contact their local FSA office to set up an appointment with a loan official.

USDA is an equal opportunity provider and employer. To file a complaint of discrimination, write: USDA, Office of the Assistant Secretary for Civil Rights, Office of Adjudication, 1400 Independence Ave., SW, Washington, DC 20250-9410 or call (866) 632-9992 (Toll-free Customer Service), (800) 877-8339 (Local or Federal relay), (866) 377-8642 (Relay voice users).
