Critical DCP Deadline!!!!!!

Enrollment for the 2010 Direct and Counter-cyclical Program (DCP) will continue until **June 1, 2010** with no late signup provision to allow you to enroll after that date. What that means is if you don't have all signatures representing 100% of the DCP payment shares the contract payment will be lost with no options for appeal as this is a statutory deadline.

As of May 1, Caribou County had 37% of its contracts signed up for the 2010 season. That leaves only 30 days to complete more than 215 contracts! With limited staff resources we will only be mailing or faxing contracts that have special circumstances and due to the busyness of the office, mailings may not be timely enough to sign and return them to the office by June 1st. All returned contracts being mailed back to the FSA office are required to be postmarked by June 1st or will be ineligible regardless of the date of signature.

It is the responsibility of the Farm Operator to get all the required signatures back to the Office by 4:30 PM on June 1st. Faxes will be received until 4:30 PM as well on June 1st.

To avoid the lines and long waits the last week of DCP signup, come in today and sign this year's contract!! For more information on DCP rules contact Stacey Grant DCP program lead technician for more information.

ACRE Program Deadline!!!

The Average Crop Revenue Election (ACRE) is a revenue based program that looks at farm and state guarantee price and yield triggers. If both triggers are below the guarantee threshold additional payments are made for the actual acres of commodities raised on the farm up to the total amount of base acres on the farm.

Typical eligible commodities in Caribou County are wheat and barley. Each crop has its own guaranteed price. The deadline for ACRE is the same **June 1st** deadline as the DCP program. For more information contact

the office.

Average Gross Income – Deadline!!!

June 15th, 2010 is the deadline for submitting the simple form CCC-927 (individuals) or CCC-928 (Entity including Trusts) to the IRS that gives permission for FSA to audit the gross income statement completed by all Owners & Operators who received any FSA payment in 2009.

If you haven't submitted these for all entities and individuals any payments received from FSA, NRCS or other USDA agencies will be **required to be refunded**. You can get these forms at your FSA Office or Online at the web address at the bottom of Page 2 of this newsletter.

Crop Reporting Deadline!!!!

The acreage reporting deadline for 2010 is **June 30th**. Crops that are not reported to the FSA office by 4:30 PM on June 30th will be subject to late-filed provisions that include inspection fees for each farm.

Filing an accurate acreage report for all crops and land uses, including failed acreage and prevented planting acreage, can prevent the loss of benefits for a variety of programs.

Only crops planted after June 30th have 15 days where they can still be reported to FSA without late filed provisions & fees being assessed.

Failed acreage must be reported within 15 days of the disaster event and before disposition of the crop. Prevented planting must be reported no later than 15 days after the final planting date.

2010 FSA County Committee Elections

The election of agricultural producers to Farm Service Agency (FSA) county committees is important to ALL farmers and ranchers.

It is crucial that every eligible producer participate in these elections because FSA county committees are a link between the agricultural community and the U.S. Department of Agriculture.

County Committee (COC) members are a critical component of FSA operations. The intent is to have the COC reflect the makeup of the producers and to represent all constituents. This means wherever possible, minorities, women or lower income producers need to be on the committee to speak for these underrepresented groups.

FSA county committees operate within official regulations designed to carry out federal laws. County committee members apply their judgment and knowledge to make local decisions.

Election Period

June 15, 2010 – The nomination period begins. The nomination form can be found on Page 3

Aug. 2, 2010 - Last day to file nomination forms (FSA-669A) at the local USDA Service Center

Nov. 5, 2010 - Ballots mailed to eligible voters

Dec. 6, 2010 - Last day to return voted ballots to the USDA Service Center

Jan. 1, 2010 - Newly elected county committee members take office

Who Can Hold Office

To hold office as a county committee member, a person must meet the basic eligibility criteria.

- Participate or cooperate in a program administered by FSA
- Be eligible to vote in a county committee election
- Reside in the LAA in which the person is a candidate

Not have been:

- Removed or disqualified from the office of county committee member, alternate or employee
- Removed for cause from any public office or have been convicted of fraud, larceny, embezzlement or any other felony
- Dishonorably discharged from any branch of the armed services.

Nominations

To become a nominee, eligible individuals must sign nomination form FSA-669A. The form includes a statement that the nominee agrees to serve if elected.

Nomination forms for the 2010 election must be postmarked or received in the local USDA Service Center by close of business on Aug. 2, 2010.

Agricultural producers who participate or cooperate in an FSA program may be nominated for the county committee. Individuals may nominate themselves or others as a candidate. Additionally, organizations representing minority and women farmers or ranchers may nominate candidates. Nomination forms are filed for the county committee of the office that administers a producer's farm records.

Who Can Vote

Agricultural producers of legal voting age may be eligible to vote if they participate or cooperate in any FSA program. A person who is not of legal voting age but supervises and conducts the farming operations of an entire farm may also be eligible to vote. Please contact the County Office for more information.

Early Land Preparation for CRP

Beginning May 1 for arid areas, or July 1, of the final year of a Conservation Reserve Program (CRP) contract, cover may be destroyed on certain acreage before the contract expires to prepare a seedbed for fall seeded crop. A CRP general signup may occur in Fiscal Year (FY) 2010. Questions have arisen concerning the general signup eligibility of land that is expiring from CRP that is approved for early land preparation.

CRP participants that signed CRP-1G, Addendum, Modification To Allow Early Land Preparation, approved before April 22, 2010, to begin early land preparation were informed that beginning early land preparation activity will affect general signup eligibility.

If early land preparation activity is performed, the land is not eligible to be offered for the anticipated FY 2010 general signup. However, the CRP-1G may be withdrawn provided cover has not been damaged or destroyed because of early land preparation.

If no early land preparation activity was

performed, the land is otherwise eligible to be offered for the anticipated FY 2010 general sign-up.

If the county committee has not approved the CRP-1G Addendum, the CRP-1G shall be voided and the participant will be informed that a new CRP-1G Addendum that includes general sign-up eligibility provisions must be filed.

Additional information on early land preparation for expiring CRP acres is available at FSA county offices.

Measurement Service

Farmers who would like a guarantee on their crop plantings and land use acreages can make it official by using the FSA measurement

service. Producers must file a request with the county office staff and pay the cost of a field visit to have stake and referencing done on the farm. Measurement service is available using digital imagery and where an on-site visit is not required are charged at a reduced rate.

Incorrect acreage self-certification can result in reduced program payments, penalty, or loss of eligibility.

Producers can request ortho-imagery and CLU covering their land (commonly referred to as a clip) at no charge. This would provide the acreage of an entire field.
