Fax: 989-686-7925

County Executive Director:

John C. Porath

Program Technicians:

Renay Fritch

Donna Jacobs

Cathy Krenzielski

Jodi Meylan

DCP and ACRE Sign-up

FSA will begin sign-ups for DCP and ACRE for the 2013 crops on **Feb. 19, 2013**. The DCP sign-up period will end on Aug. 2, 2013; and the ACRE sign-up period will end on June 3, 2013.

The 2013 DCP and ACRE program provisions are unchanged from 2012, except that all eligible participants in 2013 may choose to enroll in either DCP or ACRE for the 2013 crop year. This means that eligible producers who were enrolled in ACRE in 2012 may elect to enroll in DCP in 2013 or may re-enroll in ACRE in 2013. Likewise producers who were enrolled in DCP may opt for ACRE enrollment.

[Read more about DCP and ACRE](#) or contact the FSA county office for more information, or an appointment to enroll.

MILC Contracts Automatically Extended

Dairy producers enrolled in the Milk Income Loss Contract program (MILC) will have their contracts automatically extended through Sept. 30, 2013. There is no need to re-enroll in the program. The MILC program was part of several FSA-related programs that were continued with the extension of the 2008 Farm Bill. Specific information regarding changes to the program will be released soon.

Payment Limitations (PL)

All payment eligibility and payment limitation provisions, including AGI limitations, are extended for the 2013 crop year, program year, and FY.

All rules and requirements effective for 2012 program payments and benefits are applicable to eligible recipients of 2013 program payment and benefits. This includes the requirements of actively engaged in farming, cash-rent tenant, substantive change, minor child, and spousal provisions. Payments will continue to be limited by direct attribution to person and legal entity.

Additional information on payment limitations is available at FSA county offices or online at: www.fsa.usda.gov

IRS 1099-G Changes

Calendar year 2012 brought changes to the way FSA reports farm program payments to the producer and to the IRS.

In past years, IRS Forms 1099-G would be issued to show all program payments received from the Farm Service Agency, regardless of the amount.

For calendar year 2012, producers whose total reportable payments from FSA were less than \$600 will not receive IRS Form 1099-G. Also, producers who received payments from more than one county will only receive one Form 1099-G if the total of all payments from all counties was \$600 or more.

The same changes will apply to those who normally receive IRS Form 1099-MISC from FSA.

USDA Announces 45th General Sign-Up for the Conservation Reserve Program

Agriculture Secretary Tom Vilsack today announced that the U.S. Department of Agriculture (USDA) will conduct a four-week general sign-up for the Conservation Reserve Program (CRP), beginning May 20 and ending on June 14. CRP has a 27-year legacy of protecting the nation's natural resources through voluntary participation, while providing significant economic and environmental benefits to rural communities across the United States.

Currently, about 27 million acres are enrolled in CRP. Producers that are accepted in the sign-up can receive cost-share assistance to plant long-term, resource-conserving covers and receive an annual rental payment for the length of the contract (10-15 years).

Contracts on 3.3 million acres of CRP are set to expire on Sept. 30, 2013. Producers with expiring contracts or producers with environmentally sensitive land are encouraged to evaluate their options under CRP.

Additional sign-ups for continuous CRP programs such as Highly Erodible Land Initiative and Initiative to Restore Grasslands, Wetlands and Wildlife will be announced in spring 2013.

For more information on CRP and other FSA programs, visit a local FSA service center or www.fsa.usda.gov.

Marketing Assistance Loans (MAL)

Short-term financing is available by obtaining low interest commodity loans for eligible harvested production. A nine-month Marketing Assistance Loan provides financing that allows producers to store production for later marketing. The crop may be stored on the farm or in the warehouse.

Loans are available for producers who share in the risk of producing the eligible commodity and maintain beneficial interest in the crop through the duration of the loan. Beneficial interest means retaining the ability to make decisions about the commodity, responsibility for loss because of damage to the commodity and title to the commodity. Once beneficial interest in a commodity is lost, it is ineligible for a loan, even if you regain beneficial interest.

USDA is an equal opportunity provider and employer.
