DCP and ACRE Sign-up

FSA will begin sign-ups for DCP and ACRE for the 2013 crops on **Feb. 19, 2013**. The DCP sign-up period will end on Aug. 2, 2013; and the ACRE sign-up period will end on June 3, 2013.

The 2013 DCP and ACRE program provisions are unchanged from 2012, except that all eligible participants in 2013 may choose to enroll in either DCP or ACRE for the 2013 crop year. This means that eligible producers who were enrolled in ACRE in 2012 may elect to enroll in DCP in 2013 or may re-enroll in ACRE in 2013. Likewise, producers who were enrolled in DCP may opt for ACRE enrollment.

New Microloan Program

The Farm Service Agency (FSA) developed the Microloan (ML) program to better serve the unique financial operating needs of beginning, niche and the smallest of family farm operations.

The program will operate similar to the Operating Loan program but will include reduced requirements for managerial experience and loan security, as well as reduced paperwork. The microloan program can be used for such expenses as annual crop inputs, marketing and distribution expenses, purchase of

livestock and equipment, and minor farm improvements such as wells and coolers. Eligible applicants may obtain a microloan for up to \$35,000. The repayment term may vary and will not exceed seven years. Annual operating loans are repaid within 12 months of when the agricultural commodities produced are sold. Interest rates will be the same as the regular Operating Loan rates.

For more information follow this link: [Microloan Fact Sheet](#) or call the Calhoun FSA Office at 269-781-4263, ext. 2.

USDA Announces 45th General Sign-Up for the Conservation Reserve Program

Agriculture Secretary Tom Vilsack announced that the U.S. Department of Agriculture (USDA) will conduct a four-week general sign-up for the Conservation Reserve Program (CRP), beginning May 20 and ending on June 14. CRP has a 27-year legacy of protecting the nation's natural resources through voluntary participation, while providing significant economic and environmental benefits to rural communities across the United States.

Currently, about 27 million acres are enrolled in CRP. Producers that are accepted in the sign-up can receive cost-share assistance to plant long-term, resource-conserving covers and receive an annual rental payment for the length of the contract (10-15 years).

Contracts on 3.3 million acres of CRP are set to expire on Sept. 30, 2013. Producers with expiring contracts or producers with environmentally sensitive land are encouraged to evaluate their options under CRP.

Additional sign-ups for continuous CRP programs such as Highly Erodible Land Initiative and Initiative to Restore Grasslands, Wetlands and Wildlife will be announced in spring 2013.

For more information on CRP and other FSA programs, visit a local FSA service center or www.fsa.usda.gov.

IRS 1099-G Changes

Calendar year 2012 brought changes to the way FSA reports farm program payments to the producer and to the IRS.

In past years, IRS Forms 1099-G would be issued to show all program payments

received from the Farm Service Agency, regardless of the amount.

For calendar year 2012, producers whose total reportable payments from FSA were less than \$600 will not receive IRS Form 1099-G. Also, producers who received payments from more than one county will only receive one Form 1099-G if the total of all payments from all counties was \$600 or more.

The same changes will apply to those who normally receive IRS Form 1099-MISC from FSA.

Dates to Remember

Agricultural Water Enhancement Program (AWEP)

The Natural Resources Conservation Service (NRCS) is accepting applications for The Agricultural Water Enhancement Program (AWEP) until March 29th 2013. AWEP is a voluntary conservation initiative that provides financial and technical assistance to agricultural producers to implement agricultural water enhancement activities on agricultural land for the purposes of conserving surface and ground water and improving water quality. If interested, please contact the NRCS office at 269-781-4264 x 43.
